

Ophir Gold Corp. Announces Upsize to Private Placement

Vancouver, Canada, December 15, 2022 – Ophir Gold Corp. ("Ophir" or the "Company") (TSX.V: OPHR) (OTCQB: KPZIF) (FSE: 80M) is pleased to announce that further to its press release of December 13, 2022, due to investor demand the Company has increased the size of its non-brokered private placement to the issuance of up to 15,500,000 units (each, a "Unit") at a price of \$0.10 per Unit and up to 3,333,333 flow-through units ("FT Unit") at a price of \$0.15 per FT Unit for aggregate gross proceeds of up to \$2,050,000 (the "Offering").

Each Unit shall be comprised of one common share ("**Common Share**") in the capital of the Company and one Common Share purchase warrant (each, a "**Warrant**") of the Company. Each Warrant shall entitle the holder thereof to acquire one Common Share at a price of \$0.20 per Common Share for a period of two (2) years from date of issuance. Each FT Unit shall be comprised of one Common Share, issued on a flow-through basis ("**FT Share**") and one Common Share purchase warrant, issued on a non-flow-through basis (each, a "**FT Warrant**"). Each FT Warrant shall entitle the holder thereof to acquire one Common Share at a price of \$0.22 per Common Share for a period of two (2) years from date of issuance. The FT Shares will qualify as "flow-through shares" within the meaning of subsection 66(15) of the *Income Tax Act* (Canada). The Company may pay finder's fees in accordance with the rules and policies of the TSX Venture Exchange.

All securities issued pursuant to the Offering will be subject to a hold period of four months plus a day from the date of issuance and the resale rules of applicable securities legislation. The net proceeds from the sale of the Units will be used for exploration work on the Company's Breccia Gold Property and general working capital purposes. The gross proceeds from the sale of the FT Units will be used by the Company to incur eligible "Canadian exploration expenses" that will qualify as "flow-through expenditures" as such terms are defined in the *Income Tax Act* (Canada).

The closing of the Offering is subject to certain conditions including, but not limited to, the receipt of all necessary regulatory and other approvals, including the approval of the TSX Venture Exchange.

This news release does not constitute an offer to sell or a solicitation of an offer to sell any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**U.S. Securities Act**") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About the Company

Cautionary Note

The information contained herein contains "forward-looking statements" within the meaning of applicable securities legislation. Forward-looking statements relate to information that is based on assumptions of management, forecasts of future results, and estimates of amounts not yet determinable. Any statements that express predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance are not statements of historical fact and may be "forward-looking statements." Forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ from those reflected in the forward-looking statements, including, without limitation: risk related to the failure to obtain adequate financing on a timely basis and on acceptable terms; risks related to the outcome of legal proceedings; political and regulatory risks associated with mining and exploration; risks related to the maintenance of stock exchange listings; risks related to environmental regulation and liability; the potential for delays in exploration or development activities or the completion of feasibility studies; the uncertainty of profitability; risks and uncertainties relating to the interpretation of drill results, the geology, grade and continuity of mineral deposits; risks related to the inherent uncertainty of production and cost estimates and the potential for unexpected costs and expenses; results of prefeasibility and feasibility studies, and the possibility that future exploration, development or mining results will not be consistent with the Company's expectations; risks related to commodity price fluctuations; and other risks and uncertainties related to the Company's prospects, properties and business detailed elsewhere in the Company's disclosure record. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking statements. Investors are cautioned against attributing undue certainty to forward-looking statements. These forward-looking statements are made as of the date hereof and the Company does not assume any obligation to update or revise them to reflect new events or circumstances, except in accordance with applicable securities laws. Actual events or results could differ materially from the Company's expectations or projections.
